# One ❤️ Circle Manifesto

We envision a world where Love replaces fear,  
where Awareness replaces ignorance and  
where Freedom replaces dependency.

For making Love, awareness and freedom a reality for everyone,  
the One ❤️ Circle focuses on awakening people to their spiritual core,  
empowering everyone to manifest their trueness and  
encouraging each one to share their light with others.

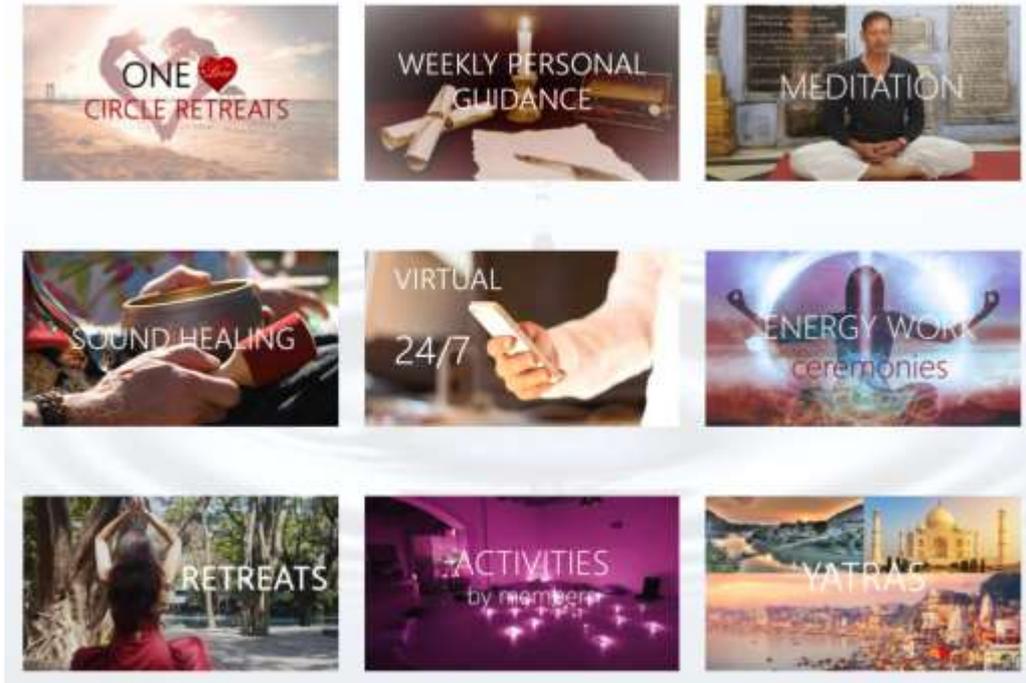

The promise to our Circle members is for them  
to consistently awaken and expand their spiritual powers,  
whilst belonging to an authentic tribe of seekers of truth  
and lovers of heart.

The emotions they consistently feel when engaging with the Circle  
is passion for awareness, joy for Love and expansion of freedom.

Every time members feel blocked, they feel that the One ❤️ Circle  
is present, accessible and provides solutions for any challenges.

The new human being that we are supporting to emerge  
is free, conscious and abundant in love.  
Their universe is full of light and passion for life.

Everything that we do delivers on passion for authenticity, love for life  
and creating with consciousness, as does our culture,  
our ethos and the way we see the world.
