WHAT PERSONAL DATA WE COLLECT AND WHY WE COLLECT IT

REGISTRATION

When a visitor registers for an LCI program they will be directed to a Kartra registration and payment page. This allows registrants to pay online and be connected to the specific course they have registered for. Kartra will generate login information for that participant to be able to access all course materials for their chosen course. Login information will be emailed directly to the registrant.

COMMENTS

When visitors leave comments on the site we collect the data shown in the comments form, and also the visitor's IP address and browser user agent string to help spam detection.

An anonymized string created from your email address (also called a hash) may be provided to the Gravatar service to see if you are using it. The Gravatar service privacy policy is available here: <https://automattic.com/privacy/>. After approval of your comment, your profile picture is visible to the public in the context of your comment.

MEDIA

If you upload images to the website, you should avoid uploading images with embedded location data (EXIF GPS) included. Visitors to the website can download and extract any location data from images on the website.

CONTACT FORMS

Most of the information we collect is information provided directly by you. This may include:

- Contact information – information such as name, job title, company name, department, email address, physical mailing address and telephone number;
- Transaction information – your contact information, the services you are interested in, your purchasing requirements, your financial information including credit card or other payment information;
- Responses to surveys – information you provide in responding to a survey on the Site, via an app or email, on the telephone or otherwise

COOKIES

If you leave a comment on our site you may opt-in to saving your name, email address and website in cookies. These are for your convenience so that you do not have to fill in your details again when you leave another comment. These cookies will last for one year.

If you visit our login page, we will set a temporary cookie to determine if your browser accepts cookies. This cookie contains no personal data and is discarded when you close your browser.

When you log in, we will also set up several cookies to save your login information and your screen display choices. Login cookies last for two days, and screen options cookies last for a year. If you select "Remember Me", your login will persist for two weeks. If you log out of your account, the login cookies will be removed.

If you edit or publish an article, an additional cookie will be saved in your browser. This cookie includes no personal data and simply indicates the post ID of the article you just edited. It expires after 1 day.

EMBEDDED CONTENT FROM OTHER WEBSITES

Articles on this site may include embedded content (e.g. videos, images, articles, etc.). Embedded content from other websites behaves in the exact same way as if the visitor has visited the other website.

These websites may collect data about you, use cookies, embed additional third-party tracking, and monitor your interaction with that embedded content, including tracking your interaction with the embedded content if you have an account and are logged in to that website.

HOW WE USE DATA

Our primary purpose in collecting your personal data is to provide you with the services you requested and those which we believe will optimize your use of the Site. We may use your personal data for the following purposes:

- To keep track of the areas of our Site you visit, the amount of time you spend and the date and time you access our Site to enable us to tailor it to better match your interests and/or preferences.

You can also request that we erase any personal data we hold about you. This does not include any data we are obliged to keep for administrative, legal, or security purposes.
