Select the following:

____ Sponsorship is being used for marketing purposes, in which a variety of marketing benefits will be received (based on the sponsorship level), as well as the specified number of tickets to the event. If this option is selected, checks should be written to "You Night Events, LLC".

____ Sponsorship is being used as a charitable contribution to You Night's 501c3, in which no marketing benefits will be received -- only tickets to the event. In this case, a \$50 value per ticket will be deducted from the total amount of your contribution for write-off purposes. If this option is selected, checks should be written to our fund manager, the "We Lift You Up Fund" EIN 82-4444545. Detailed instructions will be included on your invoice.
