

TVC Vaccination Verification

Putting UBC Members to Work

In order to meet the demands of our contractors, the UBC has launched an online portal to upload proof of COVID-19 vaccination through Training Verification Cards. The portal can be accessed through the UBC Mobile App or right from your TVC Card.

Step 1: Take a picture on your phone of your vaccination card after you have completed your vaccination cycle.

Step 2: Scan your TVC Card.

Step 3: Click on **Submit COVID-19 Vaccination Confirmation**.

Step 4: Enter the last four digits of your SSN/SIN and your birthdate.

Step 5: Press Attach Vaccine Card.

Step 6: Choose the picture of your Vaccine Card from your phone's photo gallery.

Step 7: Click Yes, I agree and then click Submit.

Once you click submit, your information will be sent to your local training center and they will approve or deny your submission. After that, the image of your card will be safely removed from our system and no one will have access to it.

TVC Vaccination Verification

Frequently Asked Questions

1. What will happen to the image of my vaccination card after I upload it to the TVC system?

The image of your card will be safely removed from the portal and no one will be able access it.

2. What happens if I get a booster shot after I've uploaded my card?

The UBC is following guidelines issued by the CDC in order to determine who is fully vaccinated. If the CDC issues new guidelines, we will adjust our criteria and let UBC members know.

3. What if I'm not vaccinated, will my employer know?

Your employer will be able to scan your TVC card and see that you have not confirmed your vaccination status.

4. Does this violate HIPAA?

The Health Insurance Portability and Accountability Act, or HIPAA, is a law that prevents health care professionals from sharing private health information without the patient's permission.

However, businesses and employers have a right to ask you if you are vaccinated. And you have a right to refuse to answer that question. But there may be consequences to refusing to answer. For example, you may not be allowed in the business or you may be required to wear a mask.

5. Who should I call if I have trouble or need a new TVC Card?

If you are unable to submit to your vaccine card through TVC because the SSN/SIN or birth date you entered doesn't match the record, contact the Council for assistance. If you need a new TVC card, contact your local training center.
