Jennifer Jost is an award winning Wealth Advisor & Money Coach for professional women. She has been awarded Associate Advisor of The Year, Presidents Club & Inner Circle, which qualified her for the Million Dollar Round Table. She is a Certified Money Coach, Certified Divorce Financial Analyst, Certified Grief Counsellor.

With over 15 years experience in the financial industry as an Investment Advisor Representative, she has one of the highest levels of commitments in her field, a Fiduciary Responsibility to her clients. Honesty, integrity and ethics are the foundation of Jennifer's practice. Above all, her clients always come first and she makes money FUN!

But it's through her own personal story of trials to triumph where Jennifer's real magic and power lies. 25 years ago, the unthinkable happened. She lost her 2 beautiful children in a family tragedy.

On her journey from grief to reclaiming life, she found meaning in serving others and guiding women on their paths to empowerment. Her daily drive comes from honoring her kids, Nicholas and Cheri. As a volunteer grief counselor, she's developed several women's groups devoted to helping survivors of domestic violence heal and find their resilience. She's a philanthropist and activist for women and has been the featured Keynote Speaker for STAND: a non profit organization to support women against domestic violence. Her big mission in the world is to help more women be worthy of their wealth!
